 - ▼ Restore deleted lists
 - Opens the website and you'll see
 - You can restore any list that's been deleted in the last 30 days. Just select it and click the button above.
Restoring a list will restore all to-dos, subtasks, notes and due dates.
Comments and files will not be restored.
Restoring is only available for lists you've owned, and not available for shared lists you've been a member of.`
