Read Me First

Welcome to *Take Control of 1Password*, version 1.2.1, published in May 2014 by TidBITS Publishing Inc. This book was written by Joe Kissell and edited by Tonya Engst and Kelly Turner.

This book shows you how to get the most from 1Password, the popular password manager for OS X, Windows, iOS, and Android. It explains the best ways to accomplish common tasks, explores new features, and helps you discover new ways to use 1Password.

If you want to share this ebook with a friend, we ask that you do so as you would with a physical book: “lend” it for a quick look, but ask your friend to buy a copy for careful reading or reference. Discounted [classroom and Mac user group copies](#) are available.

Book Builder Pro Help

Laridian® BookBuilder Professional™

For PocketBible® Family of Bible Software

Overview

The BookBuilder program gives you the ability to create books that can be used in PocketBible. The general process one uses to create books is to start with the text of the book (perhaps something you've written yourself or public domain text you've downloaded from the Web); add HTML tags to indicate paragraphs, text styles, etc.; then process the text using the tools provided by BookBuilder to create a Laridian book (.lbk) file. This file can be installed into PocketBible for Mac OS X automatically from BookBuilder, or you can copy it to another device, such as an iPhone or Android device. (The process for installing a book into PocketBible varies by platform.)

This document describes how to tag books and how to use the features of BookBuilder to convert tagged documents to Laridian books (.lbk files).

Using BookBuilder

- Use a plain-text editor, not a word processor
 - Need to create 7-bit ASCII files
 - Fancy characters like emdash (—) need to be entered as —
- Use DocAnalyzer to find illegal characters
- Insert required HTML codes to define paragraphs, etc.
- Use VerseLinker if you want to create links to Bible references
- Run BookBuilder to create the .lbk file that can be read using PocketBible
- Use iTunes to copy the .lbk file to your iPod/iPad

HTML Body Tags

- Paragraphs defined by `<p> </p>`
- Heading tags generate Table of Contents
 - `<h1> </h1>`, `<h2> </h2>`, `<h3> </h3>`, ..., `<h9> </h9>`
 - Regular HTML only supports 6 levels
- Bold and italic specified via HTML
 - ` `, `<i> </i>`
- Only bitmap (.bmp) images are supported
- BookBuilder recognizes link tags for Bible verses (not standard HTML)
 - `<pb_link format=bcv>Romans 12:1</pb_link>`
- Other BookBuilder HTML tags needed to support Greek and Spanish languages

Worship Talk Book in PocketBible

The screenshot displays the PocketBible application interface. At the top, the title bar reads "PocketBible" and includes icons for "Study Panel", "Open Book", "Go To", "Search", "Bookmarks", "Back", "Forward", "Today", "Cloud Sync", and "Help". Below the title bar is a toolbar with various icons for navigation and search. The main content area is divided into three sections:

- Left Sidebar:** Contains the text "Joan's Worship Talks", "Title page", and "MY FAVORITE TEXT--JOAN B. KING".
- Center Panel:** Displays the title "Worship Talks" and the main heading "MY FAVORITE TEXT--JOAN B. KING". Below this is a quote: *I have done my best in the race, I have run the full distance, and I have kept the faith. And now there is waiting for me the prize of victory awarded for a righteous life, the prize which the Lord, the righteous Judge, will give me on that Day—and not only to me, but to all those who run with long patience to appear.* [2Ti 4:7](#). A tooltip over the link reads: "[7] I have fought the good fight, I have finished the race, I have kept the faith." Below the quote is a paragraph: "In the world's view of racing, there can be only one winner—the fastest. Everyone else is a loser. Only in marathon races are 'losers' respected—if they finish the race. It is not necessary to run all the way; walking and crawling are acceptable ways to finish. Even the last person to cross the finish line is far ahead of those who give up and don't finish. Sometimes someone who refuses to give up despite extreme adversity is even considered newsworthy. Runners and non-runners alike respect and admire the ordinary person with no special athletic abilities who nonetheless puts forth the extraordinary effort needed to finish a marathon race." This is followed by another paragraph: "The Christian life is a lifelong marathon race, and God considers everyone who finishes the race to be a winner. The losers are those who give up and do not finish. Speed and..."
- Right Panel:** Displays a Bible passage: "I have fought the good fight, I have finished the race, I have kept the faith. ⁸Finally, there is laid up for me the crown of righteousness, which the Lord, the righteous Judge, will give to me on that Day, and not to me only but also to all who have loved His appearing." Below this is the heading "The Abandoned Apostle" and a paragraph: "⁹Be diligent to come to me quickly; ¹⁰for Demas has forsaken me, having loved this present world, and has departed for Thessalonica—Crescens for Galatia, Titus for Dalmatia. ¹¹Only Luke is with me. Get Mark and bring him with you, for he is useful to me for ministry. ¹²And Tychicus I have sent to Ephesus. ¹³Bring the cloak that I left with Carpus at..."

At the bottom of the application, there is a navigation bar with tabs for "KJV", "KJVEC", "KJVHEB", "KJV GK", "NKJV", and "WELCOME HELP".

Summary

- Use Pages or iBooks Author to create EPUB files that will run on an iPad/iPod/iPhone and other devices
- Use iBooks Author to create IBA files that will run on an iPad
- Use BookBuilder only if you want to link to Bible verses in PocketBible
