

Attendees: CW, George, Jim, Joan, Kent, Pete, Arnold

1. Oct 31 Presentation - Kent will choose one
 - Air Drop - Arnold volunteered to do a demo
 - Screencastsonline video on subject to be determined
 - Crown Castle presentation promoting 5G

2. Presentation via Skype - we have not figured out how to do this; San Diego users group does it
 - LA Computer Society uses Zoom/Myfi @ 3.5Mbps, not Skype, for presentations by out-of-area speakers;

3. MUG email group is not as responsive as in the past - no consensus on whether this is a problem. Asked for a volunteer to monitor the group; no takers

4. Square - delete this item

5. Did we decide against using Meetups because of the cost? Arnold will ask Nancie

6. Election 2019 - last year we came up with slate in Nov Core Group meeting, published slate in Nov newsletter, voted at Dec meeting - will follow same schedule this year

7. Date of Dec meeting? - CW will find out

8. Mojave OS is available now

9. MacSparky - Kent subscribed, but 3 min videos are obsolete (Mt Lion era). Terms and conditions are not defined.

10. Financial, membership, other - minus \$600 for 2018 is a concern. Discussed options to reduce expenses or increase revenue (raise dues, find cheaper meeting place, reduce size of newsletter, offer membership discount for electronic delivery of newsletter). Kent will ask for input at Oct meeting. Will print only 100 newsletters in future.
