

Attendees: Kent, CW, Arnold, Nancie, Jim, Joan, Pete, George

1. Presentations

- Aug 28 - Will be table top (several simultaneous presentations) or potpourri (one presentation at a time). A possible topic is Pinterest/social media led by Nancie. Other topics and presenters are needed.

- Future - Can any of these be expanded into the topic of a future presentation (may be less than 60 minutes)?

- Kent will ask Allison and Pat if they have any presentations ready to go

- Arnold's Tesla battery helped him survive a 9 hour power outage. He agreed to do a presentation on this, but he may not be at August meeting.

- Parallels Desktop - Nancie is interested in this, George said he could do it sometime in the future.

- Genealogy - Joan agreed to do a presentation on Reunion, but she needs time to get it ready

2. VFW internet and wifi performance is subpar. What to do? - No progress on this. CW will try to update router at next meeting. A new 20 ft HDMI cable might help.

3. First timers at meeting - Will display Newsletter page 8 on-screen to highlight club benefits. Will offer \$10 off first year membership to anyone who signs up at the meeting.

4. Pete will send a copy of his Next-door post to all core group members each month. They are encouraged to post it on their local Next-door.

5. Is there a better time for the meeting than Wed pm? A Saturday meeting would be better for those who don't drive at night.

6. Two MUGs in Orange County are no longer active, but Adobe indesign group is thriving

Pete Myers
