Attendees: Jim, George, CW, Joan, Arnold, Kent, Pete, Nancie

1. Upcoming Presentations

- Jan 29 - Jim on Catalina
- Feb 26 - Possibilities are Parallels Desktop (George), draw.io (Screencasts online), iOS Shortcuts (Screencasts online), Clean Install (Screencasts online), Set App/other subscription services (George?). Kent will ask for show of hands at Jan 29 meeting.

2. VFW internet and wifi performance is subpar. What to do?
- CW to buy new HDMI cable (male to male, at least 15 ft long) from Monoprice
- George did test - got 7.3 Mbps down, .75 Mbps up; now we need to run test at front end
- Kent had good experience with Spectrum tech at his house
- CW will call Tina to schedule meeting with VFW. Kent and/or George will attend

3. ClubTwitter account is not in use - we would like to make use of Twitter to publicize the club (tweet meeting announcements, etc) - Pete will email Dr Dave to see how to get us started. Pete will provide newsletter input to publicize our renewed Twitter presence.

4. Apple offers discounts on software packages to MUG groups via an ambassador. Pete is our ambassador but is not getting anything from Apple. (The ambassador is supposed to check a few websites weekly, read a bulletin monthly and verify user group information annually). How to get discount announcements to members: newsletter, email, other? Do we need a members only email list?

5. Financial: +$311 for 2019; Membership: -12 for 2019.
